Reminder of Special Member Benefit: Long-Term Care

Dear Academy Member,

Over the past year, we have received a few communications announcing the availability of a discounted Long-Term Care policy. While many members have taken advantage of this and the discount, there have been several of us who have been unable to take advantage of this opportunity due to age or health related reasons. We urge you to take a moment to educate yourself on the options and alternatives that are available to help protect you and your assets from the significant costs associated with long term care.

If you are unable to care for yourself, this will cover the cost of long-term care services provided to you in your own home, in a nursing home, in an adult day care center, or at an assisted living facility.

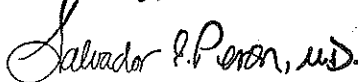

As members of The Academy of Medicine, we can take advantage of:

- Tax Deductibility
- Discounts
- Availability to extended families of members

This discounted policy is being offered to eligible members, their employees, spouses, partners, parents, parents-in-law, stepparents, grandparents, children and stepchildren between the ages of 18-79.

I would encourage you to use this opportunity to educate yourself on all available options and alternatives by calling Raj Laungani, MBA, of The Ashley Group at (419) 376-2809 or email [raj@theashleygroup.com](mailto:raj@theashleygroup.com).

Sincerely,

Salvador E. Peron, MD  
President
